Gislaved

Gislaved

**SUMMER TYRES
 PASSENGER CARS AND VANS**

STRONG AND RELIABLE IN ALL WEATHERS!

ENGINEERED FOR YOUR SAFETY AND COMFORT.

**STRONG AND RELIABLE
 IN ALL WEATHERS!**

Unquestionable quality, reliability and intelligent innovation characterise Swedish tradition. It's with this heritage that Gislaved has built its solid reputation for class-leading products.

From comfort to high performance and van tyres, the Gislaved brand offers safe, strong and reliable summer tyres for ever changing weather conditions and even Scandinavian summers!

The Speed 606 now joins the Speed 616 and Speed C to complete the new Gislaved family. Born of the same intense attention to detail, the Speed 606

exceeds the expectations of the most demanding drivers ensuring safety, robustness and comfort under all driving conditions.

We are proud to welcome you to the new Gislaved family!

SPEED 616

Characterised by its innovative siping system, special tread compound and its even block distribution, the Speed 616 is ideal for compact car drivers who are looking for a tyre which offers top value for money. The Speed 616 does not just guarantee high degree of safety and comfort but also allows you to save money by reducing fuel consumption.

SPEED 606

SPEED C

SPEED C

With its wide circumferential drainage channels and its numerous sipes, the Speed C offers excellent protection against aquaplaning. Thanks to its flat contour and its reinforced construction, the Speed C guarantees high mileage capability and fuel efficient driving even under high load.

SPEED 606

Sure-footed whatever the weather

The combination of the directional pattern with high angled, V-shaped grooves in the centre area and the two broad circumferential channels with straight grooves in the shoulder area ensures a quick flow of the water out of the contact patch.

For exceptional aquaplaning resistance

Numerous sipes (with different angles) and block edges combined with the latest modern silica tread compound ensures short braking distances and outstanding handling and cornering stability on wet and dry roads

For a safe and sure drive on wet and dry roads

Ready for the long haul

The robust pattern combined with the new flat tyre contour ensures an even tread wear.

For high mileage capability

Always comfortable

The optimized pitch sequence layout ensures a quiet and smooth rolling of the tyre even at high speed levels.

For constant comfort
